

Final Exam Schedule for Fall 2024

Week of December 9 - 14

Use the listing below to determine the final exam schedule for your classes. Examinations will take place in the same rooms as class meetings unless otherwise announced by the instructor. A change in the final exam day/time must be approved by the instructor's College Dean. Prior to November 8, 2024, the Scheduling Office must receive notification of the approval. Lab exams may be given during the week preceding finals week or during the time period listed below during finals week. It is the student's responsibility to inform their instructors before Friday, October 25, 2024, if they have conflicts with this exam schedule.

Please recognize that students take multiple exams and that many of these are offered at specific times in observance of the final exam schedule. If you do not wish to follow this exam schedule, it is important to provide students with a broad window of time for exam completion (12 hours or more) so that you are not creating an exam time conflict for them. Best practices for exams in remote contexts include providing students with a broad window of time for completion, practicing the exam-taking conditions with the students, and providing a way for a student to communicate with the instructor if their internet connection fails during the exam.

NOTE: During the week of finals, faculty and students will agree on a time to conduct exams outside of those listed below. The Scheduling Office must be notified before November 8, 2024. In the event of inclement weather, exams will be rescheduled at the end of finals week according to University classroom schedules, weather projections, and students' needs.
