

Final Exam Schedule for Spring 2022

Week of May 9-14, 2022

Use the listing below to determine the final exam schedule for your class. Exams will take place in rooms in which the individual classes have been meeting, unless otherwise announced by the instructor. A change in the final exam day/time may only be made with the approval of the Instructor's College Dean. Notification of approval must be received by the Scheduling Office before April 8, 2022. Exams for lab times of a section may be given during the week preceding finals week or at the time period listed below during finals week. Students having conflicts with this exam schedule must notify the appropriate instructor before Friday, March 25, 2022.

Please recognize that students take multiple exams and that many of these are offered at specific times in observance of the final exam schedule. If you do not wish to follow this exam schedule, it is important to provide students with a broad window of time for exam completion (12 hours or more) so that you are not creating an exam time conflict for them. Best practices for exams in remote contexts include providing students with a broad window of time for completion, practicing the exam taking conditions with the students, and providing a way for a student to communicate with the instructor if their internet connection fails during the exam.

NOTE: Exams for classes meeting at times other than those listed below will be scheduled during the week of finals at a time agreed upon by the faculty member and students. Notification must be sent to the Scheduling Office before April 8, 2022. If postponed due to inclement weather, exams will be rescheduled at the end of finals week in an arrangement that seeks to best address University classroom scheduling, weather projections and student's needs.
